SAGATOV SIGNATURE SERIES SEMI-CUSTOM HOMES

Our new semi-custom home designs built on your lot deliver the same unparalleled craftsmanship that is the hallmark of every Sagatov new home at a more modest price. Featuring floor plans ranging from 2,500 to 3,500 SF, these homes combine our award-winning Green certified design with traditional home styles.

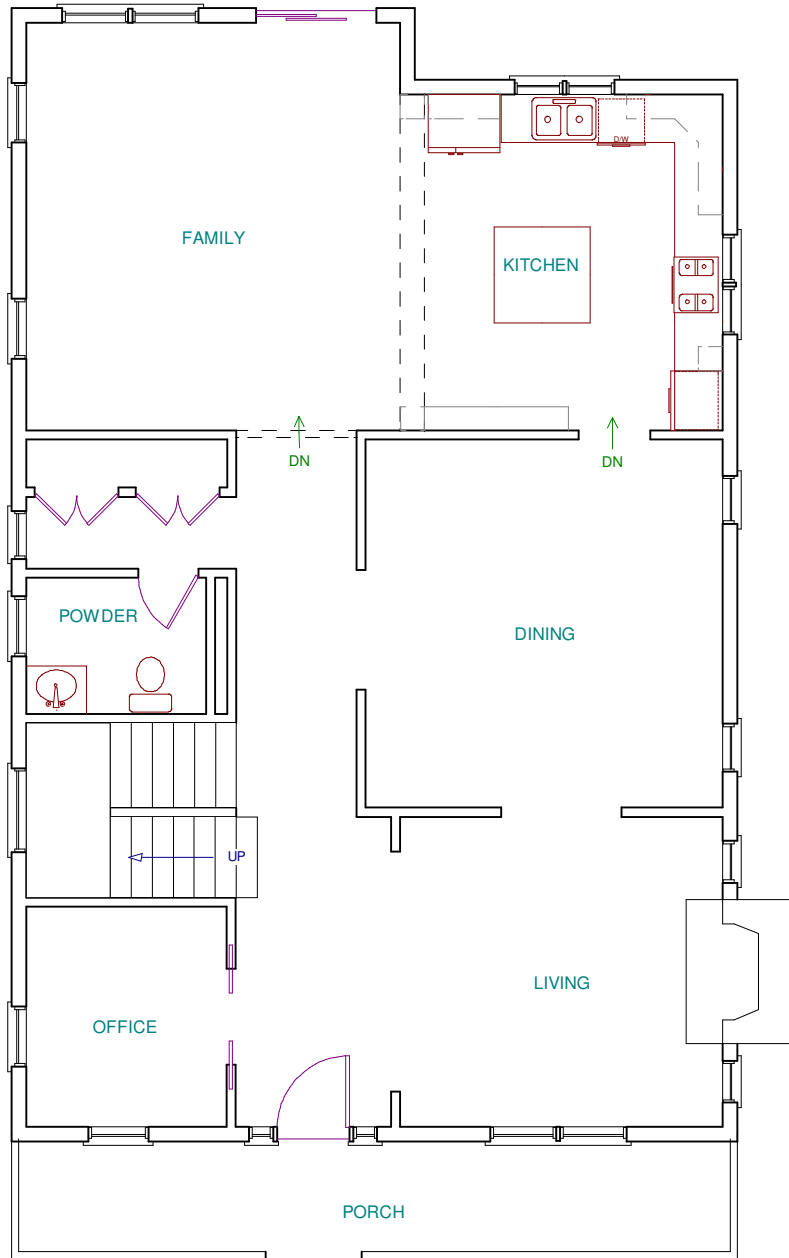

The 'Arlington' series is a step back in time, offering modern interpretations of Craftsman, Four-Square, and Sears homes designed for modern living.

The 'Prairie' series starts to bridge time from Craftsman into modern design. Inspired by the work of Frank Lloyd Wright, these homes feature distinctive exteriors with generous overhangs and complimentary facades. Inside, open floor plans reflect the way people live.

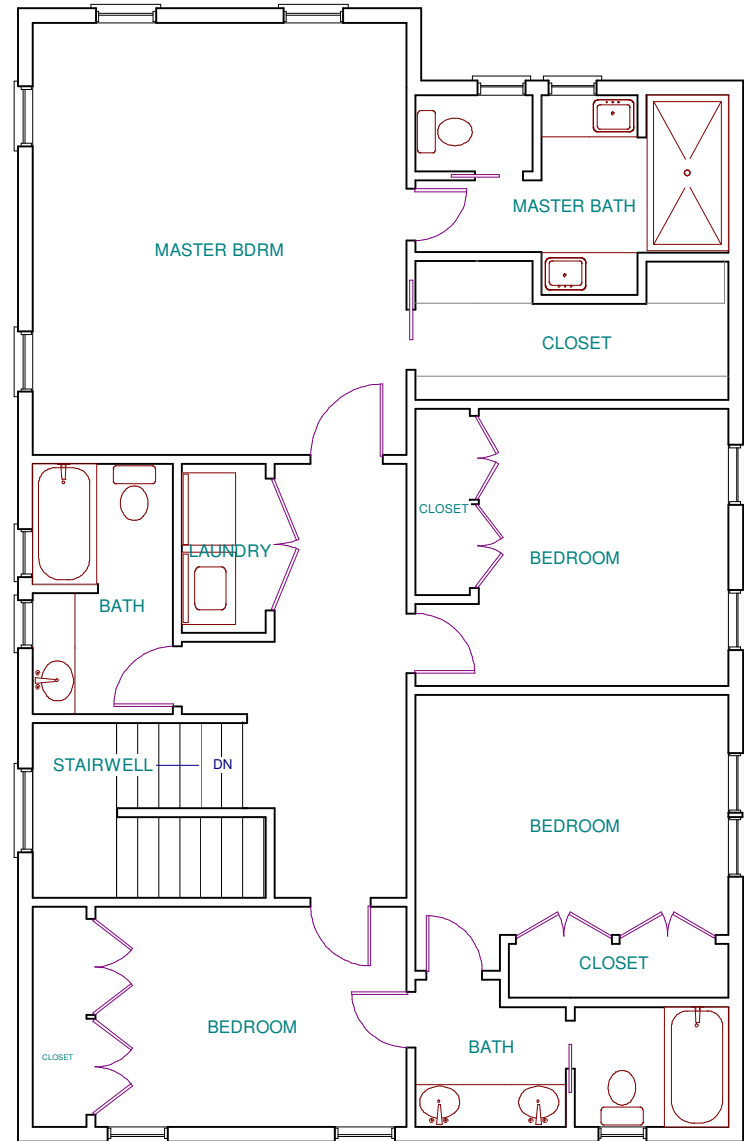

Prices start at \$425,000 (plus site work and permit fees)
